

NOTICE TO HEALTH PROFESSIONALS

RENEWAL OF 2024 HPCZ PRACTISING CERTIFICATES

Following the recent announcement regarding the recruitment of health workers under the Ministry of Health, we would like to urge all health professionals regulated by the Health Professions Council of Zambia (HPCZ) wishing to apply for the upcoming vacancies to ensure they possess valid Registration and Practising Certificates (Licenses).

Valid HPCZ Registration and Annual Practising Certificates are among key requirements for recruitment by employers of health practitioners including the Ministry of Health. Note that Sections 6, 15 and 30 (1) (a) of the Health Professions Act No. 24 of 2009 prohibit practising as or being employed as a health practitioner without valid Registration and Practising Certificates.

Registration or annual renewal can be done physically at any of our offices or using the online portal.

HPCZ remains committed to serving you efficiently.

For further information, contact HPCZ directly through the official communication channels listed below:
